

SEMI-TRAILER DID IT! From the looks of it a blast or an earthquake might have been responsible for this damage to the Wiles Pharmacy at 143rd and West ave., Orland Park but it was a semi-trailer on the loose that was to blame. The store has been closed for a couple of days to get things cleaned up and work started on a new wall. (Graphic Newspapers photo)

Driverless Truck Wrecks Pharmacy, Injures Clerk

A girl clerk was injured and a wall demolished Monday afternoon when a driverless semi-trailer apparently slipped its brakes and plunged into the east wall of the Wiles Pharmacy, 143rd and West ave., Orland Park.

The store was closed for a couple of days to get the damage cleared up and work started on a new wall. An entirely new wall is necessary.

The girl injured is Janis Moulton, 17, of 10107 W. 151st. Wall shelving and the cigar case were hurled against her as she stood in the southeast section of the store and she was knocked down, suffering a severe sprain and bruise to her right leg. X-ray examination at the office of Dr. Julius Ramonas showed there was no fracture.

The only other occupant of the store at the time was the pharmacist, Kenneth Schuele. He **Vote On Road Tax Tuesday**

An election is to be held in New Lenox township next Tuesday, Sept. 3 for approval of a 33 cent road and bridge tax. This tax has to be approved every five years, according to state law but not in all townships at the same time.

But for such approval the tax would drop back to approximately 16 cents. Town officials point out that the lower figure fails to produce sufficient revenue to enable the highway department to operate.

The polls will be the same as for regular town or county elections. They will open at 6 a.m. and close at 6 p.m. No. 1 polling place is the Fire Engine House; No. 2, the basement of Grace Episcopal church; No. 3, Oakview school and No. 4, George Marshall store.

was not near the point of impact, however, and so escaped injury.

Merchandise and masonry were hurled about so it was fortunate that at that moment there were no customers in the place and the usual complement of youngsters who park their bikes along the east wall of the building was missing too.

The semi-trailer was being operated by Arthur F. Majerus, 22, of 1628 N. Major ave., Chicago, for the K. & R. Delivery service. Majerus was delivering some cartons of books at the Orland Park grade school and had left the truck along the north side of 143rd street, out of the traffic lanes. Majerus told Police Commissioner Frank Guetter later that he had set the air brakes when he left the truck to deliver the packages for the school.

Whatever happened, while the driver was in the school the truck began to move. The highway is downgraded there and the heavy vehicle gathered momentum as it traveled the 500 feet between its parking place and West ave. It sailed a diagonal course, crossing West ave. so that it struck the brick wall at the south end of the building, driving a great hole in the structure. The breaking of the wall twisted out the glass display windows that occupied most of the space along the east side of the building.

Commissioner Guetter gave the driver two tickets, one charging him with leaving a motor vehicle unattended without the brakes having been effectively set and the other was given because Majerus failed to have a registration card for the vehicle whether in the cab or on his person, as required by law. The case is scheduled for hearing before Police Magistrate Kenneth Pisanko on Sept. 6.

Orland Library Changes Rules On Researching

Because the Orland Park public library is open longer and more persons are making use of its facilities, the board of directors has decided that the circulation of reference works shall cease. Those who wish to make use of the reference shelves will have to do their work at the library.

This change, the board believes, will make reference works available to more people. The library is open Monday and Friday evening from 7 to 9 o'clock and on Tuesday, Thursday and Saturday from 12 noon to 5 p.m.

The board is in the process now of selecting new books for the library and will also subscribe to several new magazines.

Communities Seek Way To Speed Work On FAI 80

What is being done to pull the cork out of the FAI 80 highway bottleneck?

That is the question that is being pressed by communities whose futures can be affected by continued delays in construction of the east-west transcontinental roadway.

Last year the state division of highways said the various grade separation structures would be built this year between Hazel Crest and Gougar road on the eastern edge of Joliet; also that the grading for this section of road would be completed so the paving could be finished in 1964.

There is some work being done on a structure on 183rd

st., east of Tinley Park and that is the only structure that has been started. As far as local committees have been able to find out no move has been made by the state on any plans for the highway in this section between Hazel Crest and Joliet.

The tollroad people want the government to build an approach to the tollway at Hazel Crest and allow them to collect tolls on same. The government has refused to do this. So far the government has not shown any disposition to purchase the segment of tollway now existing between a point in Hazel Crest and the Calumet Expressway.

Francis Lorenz, director of the state department of public

works and buildings indicates that this five miles of toll road is holding up the works.

Lorenz wants the federal authorities to change their regulations to acquire this section of toll road, or to at least pay the state 90 per cent of the purchase price if the state acquires it. It is said that the price of this section of toll road ranges from \$18 to \$28-million.

The City of Chicago is endeavoring to get the federal government to take over its luckless Skyway toll road venture. The project has gone broke and can't meet the interest or principal on the bonds sold to build it.

According to work received by local committees the Chicago

politicians have deliberately kept a gag on any mention of the FAI 80 toll road problem on the grounds that it might take precedent over the Skyway toll deal.

Maurice Angland, of Mokena, who is executive secretary of the Special Area Traffic Committee of Chicago Heights, set up by Mayor Maurice Richton of that city, in a recent statement pointed out that future zoning restrictions of the O'Hare Airport area means that this area is the only one left in the Chicago region where industry has a chance to grow without meeting up with strangling restrictions.

He points out that the zoning

restrictions involving O'Hare Field would preclude high rise buildings and certain types of manufacturing, including uses of electrical and electronic processes that could cause interference with the radio and radar systems of the airport. Such zoning, Angland said would cover a 10 mile radius from the airport, which would bring the southern edge to the vicinity of LaGrange.

"This means," Angland explained, "that our area is the only one left to industry."

Companies would hesitate to build a plant within the 10-mile zoning area of O'Hare Field, he said, because of the restrictions.

Appropriation Measure For Mokena Totals \$221,646

The Mokena village board adopted its annual appropriation ordinance, totaling \$221,646, of which \$71,151 is to be raised thru taxes.

The major portion of the taxes, \$51,620 is for general corporate purposes. The total amount listed under the heading of general corporate is \$77,370 of which \$25,750 is to be raised from sources other than taxes on realty and personal property.

Included in the amount to be raised by taxes is \$8,231 for principal and interest on general obligation bonds; \$1,300 for civil defense and \$10,000 for public benefits for local improvements.

The largest portion of the appropriation ordinance is for the water sewer department - \$104,745, none of which is derived from taxes. Also included in the ordinance is \$20,000 representing the village share of state motor fuel tax money.

It was explained that it is not likely the village will have the money to meet all the items for which appropriations are made but expenditures cannot be made unless they are appropriated for in the ordinance. It is customary for taxing bodies to appropriate funds just in case the money should materialize, it was pointed out.

Principle and interest on the revenue bonds used to defray the cost of the sanitary sewer system will amount to \$13,475. It comes from the revenue of the water and sewer department.

The appropriation ordinance is carried in detail on another page.

A letter is on file with the village from the state department of registration and education, pointing out that it is unlawful for a person to build a structure containing more than 2,000 square feet unless the plans and specifications carry the signature of an architect. The language of the letter says that any person offering plans or drawings for a building must be licensed by the state, which

is interpreted to mean architects.

An ordinance was adopted by the board making it mandatory to have a shut-off valve or buffalo box at the property line so that the village can shut off the water supply of a user. This buffalo box is to be installed at the expense of the property owner. In cases where water service is installed but without a buffalo box such a shut-off must be put in within 30 days after the property owner has had notice from the village. Certified letters that are sent out shall

serve as notices, the measure provides. If the notice is ignored the village can have the job done, the ordinance states, and then bill the owner at \$25 service charge in addition to the costs of installing the buffalo box.

The ordinance rezoning property on Wolf road to permit Walter Yunker to build a bowling alley was adopted by the board. Yunker is asking for a liquor license for the alleys and Village Attorney Ronald Galowich is to amend the present licensing ordinance to provide for this.

New Pastor Takes Over Orland Baptist Church

The congregation of the First Baptist church at Orland Park is still numerically small but it is active and expects to grow considerably in the coming year. The congregation has called a new pastor, the Rev. Marvin Chandler, and has purchased two acres at 153rd and West ave., as a church site.

The Baptists are now holding services on Sunday in the American Legion club rooms on 143rd st. Sunday school is at 9:45 worship at 11 o'clock and the evening service is at 7:30. The mid-week prayer meeting is held in the home of one of the members.

The Rev. Mr. Chandler, who took over Aug. 1, was born in Mississippi and was brought up in that state and in Louisiana, but for the past 15 years he has been a resident of Illinois. He was a pastor of a Baptist mission at Decatur for two and a half years.

Now 42 years old the pastor is a graduate of Millikin university and the Baptist Theological Seminary at New Orleans. He was graduated from the seminary in August, 1962, with a degree of bachelor of divinity.

The Rev. Mr. Chandler is a navy veteran, having put in 21 years in the active and reserve services.

He is married and his wife, Blanche, a school teacher, will be the sixth grade teacher at Tinley Park this year. The couple has four children, Diana, 17, Nancy, 15, Dixie, 12 and Susan, 9.

The Orland Park church was constituted as such in January, 1962. The first pastor, the Rev. Keck, has returned to college to complete his studies. Previously it was a mission of the Tinley Park Baptist church.

VFW Will Make Gift To School At New Lenox

The Veterans of Foreign Wars post at New Lenox is to make a presentation of a flag and flagpole to Haven school Saturday morning. There ceremony will be held at 10 o'clock on the school grounds and the public is invited.

MR. AND MRS. RAY WALSH

Ray Walshs Will Observe 25th Anniversary Sunday

Mr. and Mrs. Ray Walsh, Manhattan, will celebrate their 25th wedding anniversary Sunday, Sept. 1.

No invitations have been issued but all their friends and relatives have been invited to the open house they will hold at the Manhattan American Legion post hall. The hours will be from 4 to 10 p.m.

The couple was married at St. Jude church, New Lenox, on Sept. 1, 1938. Mrs. Walsh is the former Myrtle Roberts, of Mokena.

After their marriage the couple farmed in Green Garden township for 20 years before moving to the Manhattan area.

They are busy people. Besides regular farming they have been turkey raisers for many years and they also now operate the Walsh Locker and Cold Storage plant at Manhattan.

WASH STREET

Mokena firemen were called out about 6 o'clock Monday evening to wash gasoline off the street in the block west of Mokena st. The gas tank on a car sprung a leak and approximately 20 gallons of gasoline drained out. The car was operated by Richard Engelhardt, 276 Carpenter st.

ORLAND GIRL'S Angus steer, that was grand champion of the annual South Cook County 4-H fair, moved into higher competition last week and emerged as grand champion of the beef division at the 60th annual Will County Fair at Peotone. Elaine Sheehan's entry was chosen grand champion of the junior division and then went on to win the open class for the grand championship of the fair.

Elaine, a member of the Orland Eager Beaverettes has been in 4-H work for the past six years. She plans to show her steer at the International Livestock Exposition at Chicago in November. In the picture with her are her brother, Jimmy and her sister, Anne, holding up the sign that reads "Grand Champion."

Kirk's To Have Grand Opening This Week-End

Kirk's Drive-In, owned and operated by Albert "Kirk" Wheeler, of Orland Park, is to have its grand opening Saturday and Sunday, Aug. 31 and Sept. 1.

The eating establishment, only recently completed, is situated at 159th and LaGrange rd. (U.S. 45), just south of Orland Park.

To mark the opening of his new place, Wheeler will serve hot dogs and hamburgers at low prices and will give away orchids to the first 1,000 women who visit the drive-in and custard cups to children under 12 who are accompanied by an adult.

The drive-in will be open seven days a week, Wheeler announced. He formerly operated a restaurant in Orland Park, at 143rd and Beacon.

Mr. Wheeler is a justice of the peace.

ALL SET FOR SAUERKRAUT DAY at Frankfort. This annual serving of the traditional wieners and sauerkraut sponsored by the Frankfort Lions club will be held on Saturday, Aug. 31, in Community park in that village. Serving will be from 5 to 8 o'clock. Making a trial run with the ingredients (l to r) are James Parker, club secretary; Robert Dean, the president, and Tony Baker, vice president. There is to be a Babe Ruth League ballgame at 4 o'clock and various organizations will operate booths and games, including the Frankfort S.P.C., American Legion Auxiliary and Frankfort library committee. The Lions will operate their African Dip concession. Also on hand will be Little Oscar and his wienermobile.

Fairways Estates Group Contract For School Bus

When the Orland Center, Orland Park and St. Michael grade schools open next week the youngsters living in Fairways Estates are assured of transportation, it was announced this week by Mrs. Patricia Davis, president of the Fairway Homeowners School Bus Association.

The association has a contract with the Illinois School Bus Co., to furnish three buses at \$100 a month per bus, to serve the Fairway Estates children. This contract was signed last March for the current school year.

According to Mrs. Davis the cost works out at \$17 per pupil per year for those attending public school. There are approximately 80 children now in the development that attend public school and about half that number who are pupils at St. Michael.

The cost for those enrolled at St. Michael school will be \$32.50 per pupil per year, or about half of what it cost last year, when a group of St. Michael's parents arranged for the transportation, Mrs. Davis said.

The difference between the cost of public school and St. Michael school youngster is because there are fewer attend-

ing the parochial institution from Fairway Estates, it was explained. If the number of St. Michael's should increase to 60, for example, which would fill a bus, the cost would be \$17 per pupil per year, Mrs. Davis stated.

The Fairways Home Owners Bus Association also has a written agreement with the developer of the housing project for the payment of a subsidy to apply on the operation of the bus, if necessary.

There are still a few reservations available, according to Mrs. Davis and parents who have not completed arrangements for the transportation of their children may call her at 349-9276; Mrs. Virginia Doyle at 349-9338 or Mrs. LaVerne Pacevic, 349-9573.

Mokena Man A Figure In Airborne TV Education

--William Schwab, of Mokena science consultant for the Illinois department of public instruction, has been named field associate for the midwest program on Airborne Television Instruction.

He will work with all schools in Northern Illinois and Southern Wisconsin to help them make use of airborne television lessons in the classroom.

MPATI is the educational television service set up by schools in six Midwestern states which transmits 23 courses four days a week from a soaring airplane. The service, based at Lafayette, Ind., was used last year by 168 schools in Illinois and 1,009 others in Wisconsin, Indiana, Michigan, Ohio and Kentucky.

This number is expected to double with MPATI's third school year of telecasts begins Sept. 9.

Schwab has been with the Illinois department of public instruction since 1960. Before that he traveled throughout the nation and overseas visiting educational institutions for the research department of Armour & Company, Chicago. From 1940 to 1946, he was a science teacher at Maine Technical high

Mokena Schools Get Bus At Bargain From Surplus

Mokena public schools will open Sept. 3 for a full day session with an enrollment approaching the 500 mark and a bargain bus.

St. Mary parochial school, with an enrollment of 390, will open its doors Sept. 4, for a half day session.

The Mokena public school district now embraces a portion of the Weitzendorff district and a part of the Marley district. As of last week the enrollment figure for the public schools was 463, according to Supt. James Ennis, exclusive of the number of pupils that will come from the Marley district. It was believed that some 20 pupils would come from there. Usually there are some late starters, it was pointed out, so by Oct. 1 the enrollment total is expected to be around 500.

The fifth grade has grown to the point where two classes will be needed. Thus there will be grades one thru five at Willow Crest, and grades five thru eight at Carpenter Street school.

Wolf road will be the dividing line for fifth graders, with certain exceptions. Pupils residing in Arby Hills who are in the fifth grade, as well as fifth graders who are in the school band, will attend class at Carpenter Street.

Students entering the first and fifth grades are required to bring reports showing they have had dental and physical examinations. A new state law requires that all pupils, regardless of grade levels, entering an Illinois school from another state must show proof of such examinations.

Fees due at the public schools may be paid this week or on the opening day of school. These fees are as follows:

Textbook rental, grades one thru eight, \$8.50; milk, 60 cents a month or \$5.30 per year; bus fare, \$4 per month for one child; \$5 for two children in the same family or \$6 for three children in the same family.

Hours at Carpenter Street school will be from 8:45 to noon and from 12:50 to 3:30; Willow Crest hours, 9 a.m. to noon and 12:50 to 3:25.

St. Mary school is filled to capacity, according to the advance registration. There will be eight teachers, six of them nuns. Four of the nuns have been on the teaching staff; the two new ones are Sister M. Leonardine, from Albion, Ind., and Sister M. Louis from Danville. The other two teachers are Mrs. John Popusotere, New Lenox, new fifth grade teacher, and Mrs. Joseph Kruzich, Mokena, a member of the staff last year.

Youngsters entering first grade must bring their birth certificates when they report at the school Sept. 4.

The buses that transport St. Mary children to school will operate on practically the same schedule as last year. Youngsters at St. Mary get there at 8:30 a.m. that they may attend mass before school opens at 9:00.

The public school bus also will operate on practically the same schedule as last year as far as opening day is concerned. Pupils then will be furnished with a revised schedule. The board of education has purchased a second bus that will be utilized mostly for the shorter hauls.

Supt. James Ennis purchased

the newly added bus from government surplus at Rantoul field. The vehicle was used by the Air Force as a school bus to serve children on the base and it is in good condition. It is a 1951 GMC body that shows no sign of rust, and is powered by a 1960 Chevrolet engine. It cost the Mokena school board \$100.

It was estimated that to have it painted school bus yellow and flasher lights installed the

Better Outdoor Athletic Facilities At Oakview

The outdoor physical education and athletic facilities for both boys and girls of the junior high school and elementary grades of the Oakview school have been improved considerably in recent months.

A new outdoor area approximately 50 yards wide and 100 yards long, just south and west of the gymnasium, has been developed to provide an outdoor area for general physical education classes for boys and girls, and is to be used as a

field for flag football, soccer, field hockey, softball and track for upper grade boys and girls.

The board of education of New Lenox District 122 has recently approved the purchase of new softball backstops to be installed in the newly developed areas.

Considerable work has been done on the new Cherry Hill School grounds in developing playground and outdoor physical education areas for the youngsters attending this school.

Some work has also been done at the Schmul and Haven schools to improve the outdoor playground and physical education areas and make them more safe for the children attending these centers.

Orland Police Will Enforce State Curfew

Notice that they plan to strictly enforce the new state curfew law has been served by the Orland Park police department. Gov. Kerner recently signed the bill that puts the curfew into effect. Its provisions apply to all young people of 18 years and under. They are required to be off the streets by 11 o'clock, unless accompanied by a responsible person.

Teenagers who are bonafide night workers are not affected by the law.

Rejected Once Wahash Again Asks Fare Raise

(CNS) - The Illinois commerce Commission this week refused to allow the Wahash Railroad to raise fares between Chicago and Orland Park but set a hearing for Oct. 14 on the proposed increases.

The Wahash R.R. filed a petition with the ICC in Springfield Aug. 19, asking that fares be increased on single 10, 25, and 46 ride commutation tickets also, all to become effective Sept. 1.

The proposed increases would raise fares 20 to 30 per cent.

Enrolls For Banking Course

Frank Kluge, 312 Hillcrest road, New Lenox, is the assistant cashier at New Lenox State Bank. Starting Sept. 3 he will take a two-week banking course at the University of Southern Illinois at Carbondale.

The course will deal with banking operations in the field of accounting, banking law, financial reports and statement of conditions.

Use to be the YMCA was an all-male enclave, but not any more. The new "Slim for Fall" weight reducing course for women will begin at the Southwest Suburban YMCA, 94th and Knox street in Oak Lawn.

There was a time when people lost weight thru exercise, but the eight week course starting at the YMCA, offers menu planning, calorie counting, posture and walking, makeup and hairstyling, wardrobe planning and relaxation.

Classes will be held afternoons from 1 to 3 p.m., and evenings from 7 to 9 p.m. The new course will start Monday, Sept. 9.

New members can expect to lose up to 24 pounds during the eight week program. To date over 11,000 women have taken the course with a total weight loss of over 32 tons. The largest individual weight loss was 165 pounds.

Classes are fun and entertaining, it is said, as well as educational. All methods used have been tried, tested and proven. Miss Gerry Moynahan, diet consultant, will instruct the YMCA classes.

Registrations are being accepted now for the weight reducing program. Those wishing to enroll may do so by phoning the YMCA at Garden 4-8100 or Beverly 3-7333.

GOP To Hold Picnic At Valley View

State Treasurer William J. Scott will be the principal speaker at the annual Will County Republican picnic on Saturday, Sept. 7 at Valley View Farm picnic grove near Frankfort.

Scott, who was elected to the state office in 1962, will head the short speaking program of the picnic, scheduled for 3 p.m., according to Robert Blair, Park Forest, general chairman.

Candidates for state and district offices, who have announced campaigns thus far, are being invited to attend the picnic to be presented. C.H. Peterson, Republican county chairman, is in charge of this portion of the program.

Immediately following the introduction of guests and the brief speaking program, a buffet dinner will be served thru the late afternoon and early evening hours.

Albert Krusemark of Frankfort, publicity chairman, has announced committee chairmen will include Mrs. Ralph Murphy, Robert Higgins and Clem Werner, vice chairmen; Mrs. Thelma Reese, food; Anthony Mackay, refreshments; Morton Hollingsworth, hospitality; George Tate, grounds and decorations; Arthur Petersen, traffic and parking; Young Republicans, entertainment and prizes; J. Merton West, finance; and Verne Crackel, tickets.

Introduce Berliners To American Style Picnic

MRS. VIRGINIA SASS Telephone: 485-6424

Mr. and Mrs. Ott Morovec entertained six young men from West Berlin last Sunday with a typical American-type picnic. The men are working at U.S.I. plant in Chicago (where Ott Morovec is employed) for six weeks to learn how American factories are operated.

All six are engineers and speak very little English; along with them were a German speaking couple from the plant. Mrs. Slocum, Mrs. Morovec's mother and William Schmeltzer, her brother-in-law speak German so they were the interpreters.

The men enjoyed riding the Morovec horses very much and doing the twist with the girls. Faye Anderson of Homer was also a guest.

Mr. and Mrs. Russell Lauffer and family entertained at dinner Tuesday evening Mr. and Mrs. Charles Lauffer Sr., in honor of grandpa Lauffer's birthday.

Mr. and Mrs. Ted Sproat and Bonnie, Mrs. Mary Griffen and family spent this week vacationing in Frankfort, Michigan.

Diane Morovec won a TV set as first prize in the Homer little league raffle drawing last Monday.

The Cardinals of the little league won the trophy this year.

Mr. and Mrs. Charles Lauffer Jr. and son tiny Tim spent the week-end with her parents, the Clarence Berg's.

Mrs. Alma Kohl attended the Bostrom family reunion held Sunday at the Mokena Community Park with 67 attending from Mokena, New Lenox, Marley, Midlothian, Chicago and California.

Mr. and Mrs. Everett Bell were visitors on Thursday evening at the home of the Ralph Spieckers.

Hints For Homeowners

BY: JAMES FIZZELL
COOK COUNTY ASSOC.
FARM ADVISER

Late summer and early fall
is a good time to move per-

ennial flowers or to start a
perennial border. Plants which
have outgrown their location
can be divided now and will
flower better next year with
room to grow.

If you are starting a flower
border you will find many nur-
series have plants such as del-
phinium, chrysanthemums,
daylilies, and others, in flower
so that you can see exactly what
you are getting.

Plants which can be moved
or divided in your garden now
include iris, peonies, the June-
flowering chrysanthemums, lil-
ies and the hardy spring-
flowering bulbs. These per-
ennial actually start root de-
velopment in the fall producing
some growth before freezing
weather. Late fall transplant-
ing is not desirable because the
plants do not become re-
established before freezing
weather.

Take care to minimize in-
jury to the roots and other
plant parts during transplant-
ing. Set the plants firmly into
the soil with the roots well
spread to a depth slightly low-
er than that at which the plants
previously grew. Firm, but do
not pack, the soil about the root
of the transplants.

Even if the soil is moder-
ately moist and the plant is set
firmly in place, watering is nec-
essary to firm the soil and re-
move air pockets around the
roots. But when transplanting
is done under hot, dry, windy
conditions, water the new plants
enough to moisten the soil to a
depth of six to eight inches.

Using a light shade to pro-
tect the plants from intensely
bright sun may also help them
recover from the shock of
transplanting.

Fertilize your lawn with a
nitrogen carrying fertilizer
such as 10-6-4, 10-10-10 or
ammonium sulfate or am-
monium nitrate. Apply so that

every 1,000 square feet
receives one and one-half
pounds of actual nitrogen (15
pounds 10-10-10 or 10-8-6;
7 1/2 pounds ammonium ni-
trate, etc.). If it does not rain
within 24 hours, be sure to
wash the fertilizer off the leav-
es by sprinkling.

Here are some tips to keep
in mind if you're thinking about
renovating your lawn. First of
all, do it within the next few
weeks -- fall's the recom-
mended time. Pay close atten-
tion to the kind of seed, rate of
seeding and seedbed pre-
paration.

Kentucky or Merion blue-
grass and red fescue make good
lawn grasses for most of Illi-
nois. For temporary cover, you
may want to add redbud or
ryegrass.

"Sensational Blooming Tree.
A flowering shade tree that will
grow roof-high in just one sin-
gle season. Now you can have
18,000 roses for only \$1 in just
one season." Ads such as these
have been widely circulated in
newspapers, magazines and
through direct mail advertising.
Unfortunately many buyers
have fallen for such false ads
and legitimate mail-order nur-
serymen have received an un-
deserved black eye because of
the unscrupulous advertisers.

The "flowering trees" men-
tioned are ROBINIA PSEUDO-
ACIA, the black locust or GLE-
DITSIA tricanthos, the common
honeylocust. Far from being
desirable shade trees, black
locusts are subject to borer
attack, leaf miner damage and
are shrubby trees rather than
beautiful shade trees. Common
honeylocust is densely covered
with large thorns and drops
large seed pods each year.

Neither will grow roof high
in one year.

The "miracle rose" is in
reality ROSA MULTIFLORA,
a large sprawling rose plant
unsuited for plantings in lawns
and/or gardens.

So, let the buyer beware, do
NOT be deceived by advertis-
ing that makes extravagant
claims. Before you buy plants
on the basis of such advertis-
ing, check with your neighbor-
hood landscaper or an estab-
lished nursery. If it is legiti-
mate, they will know about it.

-o-

If you missed your chance
to spray Japanese yews for
weevils in June, soil treat-
ments now are your only chance
to save your valuable plants.
Apply dieldrin to the soil around
your plants - use 10% Dieldrin
granules, 1/4 pound per 100
square feet under the bushes,
and water it thoroughly. If gran-
ules are not available use 18.5
% dieldrin concentrate, one
tablespoon in a gallon of water.
Thoroughly soak the soil be-
neath the plants. The larvae of
the weevils if uncontrolled will
kill even large yew plants.

When you get through using
that pesticide, put it out of reach
of the children and pets. Make
this safety precaution a habit.
And here's another good pesti-
cide habit: Read the label. The
United States Department of
Agriculture registers the labels
on pesticides so that you will
know exactly what you're get-
ting, when and where to use it,
how much to use, and how to
use it safely. . . . read the label
. . . use pesticides safely.

TINLEY PARK 532-4369

The fact that summer is wan-
ing doesn't necessarily mean
that annual flowers have
"had it" for the season. But
they will do better from now
until frost with an August "lift".
Here are some suggestions:
Trim back petunias. Trimming
will bring them back into full
flower in a few weeks. Remove
long, rank growth so that new
shoots will develop from the
center of the plant. For snap-
dragons, as the last flowers
fade, remove the spent spikes
so that new shoots will develop
from the base of the plant. In
cutting the spikes, leave about
six inches of stem on the plant.
Also remove faded flowers from
annual phlox, leaving about six
inches of stem on the plant.
Do the same for marigolds and
zinnias. To keep annuals grow-
ing vigorously through the rest
of the summer, apply a complete
fertilizer at the rate of two or
three pounds per 100 square
feet of bed area. Be sure the
soil is moist when you apply
the fertilizer. Wash off any
fertilizer that gets on plant
foliage.

-o-

Trees, weeds, bushes, and
tall crops that obstruct vision
create a serious traffic haz-
ard at this time of year. These
obstructions make it impossible
for drivers traveling on the
highway to see farm vehicles
about to enter the road.
Farmers should know how to
figure "sight distances" nece-

ssary for safety. Here's a pro-
cedure recommended by the
Illinois Rural Safety Council
for finding out what obstruc-
tions to remove in order to avoid
possible accidents: (1) Park
your car in the driveway with
the bumper 10 feet from the
nearest edge of the pavement
or traveled portion of the road.
(2) Pace off 700 feet -- 280
paces--along the highway to the
left on the same side of the
driveway entrance, and place
a marker at the edge of the pave-
ment. (3) By the same proce-
dure, set another marker
down the road in the opposite
direction, but on the side of the
road across from the driveway
entrance. If a heavy, slow-
starting truck will use the
driveway, set the markers out
830 feet -- 332 paces -- in-
stead of 700 feet. (4) Go back
to your car and sit in the
driver's seat. If you can't see
the markers, clear any ob-
structions away until you

can see them. Even with "sight
distance" adequate at your farm
entrance, always make a
full stop and look both ways
before you enter the highway.

The typical midwest farm will
continue to be operated by a
single farm family, or in some
instances a two family unit.
While the corporation farm and
"factory farm" could develop,
this type of farm must provide
economic advantages over
existing arrangements if it is to
grow in numbers. Also, it must
overcome the firmly rooted
habits and social patterns in
the family farm system. Farm
records summarized by the
College of Agriculture show that
the typical one-man northern
Illinois grain farm in 1962 com-
prised 281 acres, and had
\$149,127 investment. The one-
man hog and dairy farms av-
eraged 216 and 170 acres and
has somewhat lower capital in-
vestment per farm. Farms
large enough to require the
labor of two men are of two
types. In a study of typical
farms, about one-fourth of the
two man farms were partner-
ships where two men share in
management decisions, capital
investment and returns. The
other three-fourths were man-
aged by a single operator with
one man hired to supply the
additional labor needed.

Salvation Army To Hold Old Time Camp Meeting

An old fashioned camp meet-
ing featuring Bible study,
fellowship and music will be
held during the Labor Day week-
end by The Salvation Army at
its Camp Wonderland, six miles
northwest of Antioch, Ill.
Inspirational meetings com-
bined with outdoor recreation
are planned for the fourteenth

annual pilgrimage which will
begin Aug. 30 and continue
through Sept. 2.

"Everyone is welcome to at-
tend the pilgrimage," said Lt.
Col. Harold Crowell, com-
mander of the Metropolitan Divi-
sion, which sponsors the event.
"It is a fine opportunity
to enjoy a weekend of rest, re-
laxation and spiritual refresh-
ment. Come for the entire ses-
sion or for a single meeting."

Col. J. Clyde Cox, chief sec-
retary of the Army's 11-state
Central Territory, will be the
principal speaker during the
pilgrimage. Eric Ball of Lon-
don, England, internationally
known conductor and composer
for brass bands and recently
retired editor of the weekly
"British Bandsman," will be
chairman of the music festival at
7 p.m. Saturday (Aug. 31). Vera
A. Stephens will conduct special
classes in child evangelism.
A recreation program will in-
clude swimming and boating on
Center Lake, organized play-
ground activities, tennis, base-
ball, horseshoe pitching and
shuffleboard.

Meals and lodging for the en-
tire family are available, in-
cluding nursery facilities for
the convenience of mothers with
infants and toddlers. Reser-
vations may be made with the
Metropolitan Division office,
1634 N. Kedzie ave., telephone
EVerglade 4-1234, or Camp
Wonderland, Camp Lake, Wis.,
telephone TUCKER 9-5582. Camp
Wonderland is located three
miles north of Antioch on High-
way 83, and three miles west
on County Highway SA.

Doctors To Study Jaundice

A review course on jaundice
sponsored by the education
committee of the medical staff
of Silver Cross hospital will
be held during the morning of
Oct. 30 in the auditorium of
the student nurses residence.
It is open to all interested
physicians in the area. Ap-
plications should be sent to
Dr. Frederick Bauer of the
education committee. A nom-
inal registration fee of \$5 is
charged for the course.

Dr. Michael West, assistant
professor of medicine at Chi-
cago Medical School will talk
on "Bilirubin Metabolism and
Jaundice" at 9 a.m.; at 10
a.m. Dr. Hymen Zimmerman,

MORNINGS BY APPOINTMENT

Even Temperature Taking Has Joined The Jet Age

Significant to Labor Day and every day of labor at Oak Forest hospital, 159th and South Cicero ave., the time required to take the temperatures of their 2400 chronically ill patients has been cut to 25 seconds. Taking temperatures rectally, as required for the chronically ill with a mercury thermometer, averages 10 minutes each.

The new electronic instrument has its heat sensing element hermetically sealed in a metal probe tube even thinner than a conventional thermometer. Body temperature is conducted by the probe's electrical resistance and carried via a 60 inch cord powered meter which the nurses aids holds in the palm of her hand. Since the patient can't break this metal probe in his mouth, this thermometer can be used by all patients able to keep it under their tongue and their mouth closed for 25 seconds.

A disposable thin plastic cover, slipped on the probe for each patient, eliminates the hours, labor, and solutions required to sterilize used mercury thermometers. "Our pioneer Research in-

dicates they will pay for themselves," Mrs. Teresa H. Bernoudy R. N., nursing administrator, reported inquires by large hospital representatives. "In addition to greater accuracy," she said, "they eliminate cross infection. Human error in reading is negligible. Time gained is being used to increase the total nursing care per patient."

ASC Chairman Reviews Wheat Regulations

In response to questions concerning the 1964 wheat program, Carl M. Bormet, chairman, Cook county ASC committee, reminds farmers that marketing quotas are not in effect for 1964 crop wheat. This means, he said, that there are no planting or marketing restrictions for next year. However, to be eligible for price support at about \$1.25 per bushel the 1964 wheat acreage must not exceed the acreage allotment, Bormet explained. Overplanting the allotment will make producers ineligible for price support and may reduce acreage allotments for future years, he said.

"Farmers who have conservation reserve contracts agreed to plant within the larger of the farm acreage allotment or 15 acres, and this means that the 1964 conservation reserve payment for the farm is dependant on planting wheat within this acreage," Bormet stated.

"If there are any questions concerning the 1964 wheat program, please call at the Cook county ASCS office."

MR. AND MRS. JAMES C. TYLER

Nancy Mae Bisgrove Weds J.C. Tyler, Of Frankfort

At a 7 o'clock candlelight ceremony the evening of July 20 in the St. John's United Church of Christ, Miss Nancy Mae Bisgrove became the bride of A/2 James C. Tyler.

The Rev. Theodore C. Wimmer officiated at the wedding service uniting the daughter of Mr. and Mrs. Raymond Bisgrove, 11047 St. Mary's Rd., and the son of Mr. and Mrs. T.W. Tyler, 82nd Ave., Frankfort.

Guest soloist, Mrs. Beverly Carmichael, was accompanied at the organ by Miss Pat Torok. Escorted by her father to an altar enhanced by bouquets of white gladioli and mums, the bride wore white taffeta with an overlay of chiffon. A flowing panel from a bow in the back, created a short chapel train, long sleeves and brocaded laces around the neck and various

places on the skirt. She carried a bouquet of two baby orchids with carnations and stephanotis.

Miss Virginia Tyler, sister of the groom, attended her as maid of honor. She wore a Nile green taffeta gown with a layer of net and taffeta of the same color over it. Her hat was a cabbage rose with net veil of a deeper shade of green. Dressed identically with Miss Tyler was the bridesmaid, Miss Phyllis Bisgrove, sister of the bride.

Miss Jo Ann Bisgrove, sister of the bride was flower girl. She wore a Nile green knee length dress with short sleeves. Her hat was white cabbage rose buds with Nile green net veil and she carried a basket of rose petals.

Ringbearer was Raymond Joe Bisgrove, brother of the bride. Wesley Bisgrove attended as best man, George Edstrom as attendant and Leslie Bisgrove,

usher.

A reception followed immediately at the VFW Hall in Mokena, Mrs. Bisgrove, mother of the bride, greeted guests wearing apricot chintilly lace with a semi-full skirt, short sleeves scooped neckline and white accessories. The bridegroom's mother was dressed in a floral print jersey in shades of blue and green, and harmonizing accessories.

Honored guests were Mrs. Annie Kline, Mr. and Mrs. Ed Boehm and Mrs. Gertrude Valentine.

A buffet lunch was served and Marvin Kolman's band provided the music for dancing.

The newlyweds drove to Sacramento, Calif. where they will reside.

Mr. Tyler is an Airman Second Class at Mc Clellan A.F.B. in Sacramento, California.

New Lenox Planning Body Petitions For Rezoning

The New Lenox plan commission is petitioning for a change in zoning classification for several pieces of land within the village limits. Hearing on these requests has been set for 7:30 p.m. Sept. 16 in the engine house of the New Lenox fire protection district.

A change from R-1 (residential) to I-1 (light industry) is sought for the property in the Francis Estate lying west of the Wabash tracks and north of U.S. 30. It is also asked that a strip of this tract along U.S. 30, 300 feet wide and running in a westerly direction be rezoned from F-1 to B-1 (business).

It is also asked that the Charles Kirstein property north of U.S. 30 and east of the Wabash be reclassified from F-1 (farming) to I-2 (industrial). This property has been annexed to the village but the reclassification for use is still necessary.

Rezoning is also asked for five lots in Dockstader Subd., on Cedar road in the postoffice area. The change sought is from R-1 to B-1. Also sought is reclassification of three lots in Brookwood

ton St., in Lockport.

Mr. and Mrs. James Hewitt and daughters of Homer Township, Lemont, spent several weeks in Minong, Wis., at the resort owned by her parents.

Mr. and Mrs. Bernard Morris and daughters, Gougar Rd., spent their vacation in northern Minnesota. Mrs. Johanna Hostert of Farrell Rd. accompanied them.

Mr. and Mrs. Ernie Pajer and son, Bobby, 139th St., went to Hayward, Wis. for a week. Ernie is trying hard for that musky and he's getting closer each year to his goal. Better luck next year, Ernie. Mrs. A. Pajer of LaGrange went with them.

AUXILIARY
Homer Volunteer Fire Department Auxiliary will meet Tuesday, Sept. 3, (instead of Monday) at 8 p.m. at the fire house. Plans for the coming rummage sale will be discussed. The sale is set for Sept. 13-14 at Mudrock's on Collins St. in Joliet.

For pick up service call Marion Paul, chairman, at 838-6184 or Mary Morris, 838-4150.

Hostesses for September are Johanna Hostert, Theresa Townsend and Ann Karkut.

Mokena Park Board Sets Up Appropriations

At the meeting of the Mokena Park board last Thursday bills totaling \$2,708.80 were paid, leaving \$88.63 out of the \$2,797.43 balance on hand as of July 25.

Bills totaling \$139.59 were then allowed which were more than the old balance but they will be paid out of the new tax money coming in, it was explained.

The board adopted its annual appropriation ordinance which covers possible expenditures totaling \$15,480. Of this amount \$12,380 would be raised thru taxes, and \$3,100 from other sources. The largest single appropriation is \$5,000 earmarked for the purchase of park land. Of this amount \$3,000 would stem from taxes.

No appropriation is made for tennis courts this year nor are any funds set aside for construction of a swimming pool,

ORDINANCE NO. 461
AN ORDINANCE AMENDING ORDINANCE NO. 402 OF THE VILLAGE OF MOKENA BY PROVIDING FOR INSTALLATION OF SHUT-OFF BOXES BY WATER USERS AND FOR THE PAYMENT OF THE COST AND EXPENSE OF SUCH, INCLUDING PENALTIES FOR FAILURE TO DO SO.

NOW, THEREFORE, BE IT RESOLVED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF MOKENA, ILLINOIS:

SECTION 1: That Section 2, Ordinance #402, be amended by addition of the following paragraph at the end of the last paragraph in said Section 2:

"Each property owner (holder of legal title) served by and public water main of the Village of Mokena from which a water line has been or may be drawn to his property, shall install a shut-off valve and/or box (commonly called a buffalo box) on his water line at the point where it is connected to the water main or at such place as is designated by the Village Engineer at the time the connection is made to the water main, or, if a connection has been previously made and no shut-off has been installed, said property owner shall install

said shut-off within thirty (30) days after the date of notice from the Village Clerk demanding such. Such notice shall be sent by Certified Mail Return Receipt Requested and the date of mailing of such notice shall be deemed to be the date of such notice. All installations provided for herein and all cost and expense incident thereto shall be borne by the property owner and the property owner shall indemnify the Village from any loss or damage that may directly or indirectly be caused by such installation. In the event the property owner shall fail to install a shut-off at the time of connection to the water main or within thirty (30) days after notice from the Village Clerk as provided for herein, the Village may install such shut-off and the cost for such installation plus a service fee of \$25.00 shall be a charge for the use of water and services supplied by the municipal waterworks and shall be included in and added to and become a part of the regular water charge and shall be billed on the next water bill rendered immediately following the date installation is begun or on any water bill subsequent thereto. When added to said bill, the installation charge and/or service fee shall be a part of the regular rates and charges

for water service and subject to all the provisions of this Ordinance; including, but not limited to the provisions in Sections 3, 4, 5 and 6 of this Ordinance concerning collection of delinquent charges, penalties thereon, liens and shut-off of service therefor.

SECTION 2: A copy of this Ordinance properly certified by the Village Clerk, shall be filed in the office of the Recorder of Deeds of Will County, Illinois, and shall be deemed notice to all owners of real estate of their liability for water and sewerage service supplied to an occupant or user of such services on their properties, including cost of installation of such shut-off.

SECTION 3: All ordinances and parts of ordinances in conflict herewith are hereby repealed.

SECTION 4: The invalidity of any section, clause, sentence or provision of this Ordinance shall not affect the validity of any part of this Ordinance which can be given effect without such invalid part or parts.

SECTION 5: That this Ordinance shall be in full force and effect from and after its passage, approval, and signing and publication as provided by law.

Sandburg Hires 20 New Teachers

William O. Fisher, superintendent of Carl Sandburg High school has announced that 20 new teachers have been hired for the coming school year. They will replace the 14 members of the staff who will not return to school in September. Six of the staff are currently on leaves of absence.

The following teachers have been employed for the 1963-64 school year:

Barbara Amend of Ripon (Wis.) will teach English. She was graduated from Lawrence college in 1963. During her junior year she attended the University of Vienna (Austria). She speaks French and German.

Pauline Butler was graduated from Kansas State college, Pittsburg (Kan.) and has a master's degree from Drury college. For the past five years she has taught physical education and worked as a counselor at the Springfield (Mo.) high school. During the past two summers, she has taught counseling at Drury college. She was also program director at the Chicago YWCA for three years. She will be a member of the counseling staff at Carl Sandburg.

Stephen Faletti, a 1963 graduate of Loras college, Dubuque (Ia.) will teach Latin. He is a resident of Peru (Ill.) where he attended high school.

Charles M. Harnisch comes from Cardinal Community high school, Eldon (Ia.) where he has been teaching social studies. He is a graduate of Iowa Wesleyan college. During his work there, he was elected to the Little All-American football team. He is married and has three children.

Julius T. Jensen graduated from the University of Missouri in 1958 and received his master's degree there in 1959. For the past three years he has coached football and track in Kansas City (Mo.). Jensen will teach in the physical education department.

Carol Koser graduated from LaCrosse State college in 1963. A native of Milwaukee (Wis.) she has worked in camp counseling for the past three summers. She will also be a member of the physical education department.

Keith Leedy will teach chemistry. He was graduated from Western Illinois University in 1961. In June he received his Master's Degree from the University of Illinois.

Wayne Lunak graduated from Western Illinois university in 1961 and received his master's degree from the same institution. He played four years of varsity football at Western and one year with the Buffalo Bills in the American Football league. During the past year he was freshman line coach at Western Illinois university. He will be on the football coaching staff and a member of the physical education department.

Complete Staff

The hiring of six additional teachers last Thursday, has rounded out the staff of Carl Sandburg high school for the 1963-64 school year.

In announcing the appointments, Supt. Fisher, said:

"We will have 102 teachers this year - 46 women and 56 men - plus four members of the administrative staff. We have employed 25 teachers new to the system, 14 of which have had previous teaching experience."

The new staff members are: Marilyn Holsinger (math) who graduated from Southwest Missouri State college. She has five years teaching experience.

Delia Tallat-Kelpsa (math) is a graduate of the University of Illinois. In addition to teaching two years in the United States, she has taught one year each in England and Italy.

Carl Sandburg Sets Football Jamboree

The second annual Sandburg High school Eagle Booster Football Jamboree, will be held at 4 p.m., Sunday, Sept. 8 at the high school field. Tickets are \$1 and include a luncheon featuring the Bar-B-Que beef of Booster Chef Al Buding.

The list of events and times is as follows: 3 p.m. - Freshman practice demonstration on practice field for fresh parents, Varsity and sophomore team pictures and individual snap shots for parents, school, and local publications.

Cross-country team and cheerleader pictures. Freshman football squad pictures, - 3:30 p.m.; varsity football squad pre-game warm-up - 3:50 p.m.; welcome by Booster President Glenn E. Aronsen - 4 p.m.; Coach Devine will introduce all football coaches. Mr. Wilson will call cross-country boys to run the course and Miss Lundgren will introduce 1963 cheerleaders - 4:10 p.m.

Coach Meier will introduce the sophomore squad and give an offensive demonstration - 4:30 p.m.; varsity squad demonstration: punt and return (Jensen) - 4:45 p.m.; varsity demonstration, offensive formations and play series (Devine) - 4:55 p.m.; pass offense, routes (Lunak), back-field action and companion plays (Eade) - 5:10 p.m.; barbeque and bull session, 5:30 p.m.

Marilee Thanholdt has been teaching English at Dyer (Ind.) high school for the past four years. She was graduated from Earlham college in 1955 and has been working on her master's degree at the University of Indiana.

Calvin Youngen received his bachelor's and master's degrees from Indiana university. From 1960 to 1963 he worked in the guidance department at Hutsonville (Ill.) high school. Prior to that, he taught and coached at Elmore (Ind.) high school. He will be a member of the counseling department at Carl Sandburg.

Staff members on leave of absence are: Almyra Havenhill who is in Germany; Mary E. Peerson, Pakistan; Judith Boyer, Azores; Willard Coulter, Korea; Marilyn Scheuer, England; and Jennie Capper, England. In each case, the leave of absence expires in 1964.

Orland Club Wins Plowing Championship

Steve Koveikis, Gary Andersen, George Koehne, and Leslie Yunker, all of the Orland Boys' club, were the top four plowmen in the 17th annual South Cook County 4-H plowing contest held Aug. 17 in Tinley Park.

Steve Koveikis was the grand champion with a score of 90 out of a possible 100 points. He stood especially high in the difficult area of furrow uniformity.

Edward Koehne, also of the Orland Boys' club, proved himself grand champion in the tractor operator contest by wending his way swiftly thru three pre-designed courses and mastering other feats, the most difficult of which was backing a four-wheeled wagon out of one shed and into another within six minutes. Only 50 per cent of the contestants were successful in this maneuver, and Koehne accomplished it in 1-1/2 minutes.

Cook County Farm Advisor William Whiteside thanks the many parents, leaders, business interests, participants, and friends who helped to make this a successful and enjoyable event of 4-H club work.

The committee in charge of the contest was: Norman Strassenburg, chairman, Mokena; Henry Veldhuizen Sr., Glenwood; Herbert Kohl, Matteson; Lloyd Brandau, Tinley Park; and Rodney Knieriem, Mokena.

Farmers' Outlook Letter

BY L. H. SIMERL
(EXTENSION ECONOMIST)

Livestock prices tend to follow rather regular seasonal patterns, but each year has its own peculiarities. Last year, for example, some farmers delayed the marketing of their livestock from September to October. Such postponing action affects market receipts and prices even after it has ended.

A study of the market statistics for 1962 shows that there were some quick sales in August and that a substantial number of livestock sales were delayed from September to October and even into November. This delay seems to have raised prices moderately in September and depressed them in the following two months.

HOGS, Marketings apparently were reduced about 15 percent in September and increased correspondingly in October and November. The delay produced more pork per hog. The average dressed weight in October was 184 pounds, six pounds above the five-year average for the month. November and December weights were also above average by about four pounds.

Commercial pork production decreased 9 percent from August to September, but increased 38 percent from September to October. The normal increase is only 15 percent. Commercial pork output in October totaled 1,092 million pounds, the greatest ever produced in that month. Output continued almost as large in November as in October.

Hog prices went up more than usual in the summer of 1962. The average cost of hogs slaughtered under federal inspection rose from \$15.27 in May to \$17.82 in August. Prices went up 54 cents more in September, though they normally dip about 40 cents in that month.

The flood of pork in October cut hog prices by \$1.46 compared with the average decline of 87 cents for the month. Prices went off an additional 46 cents in November, slightly less than the usual decline.

Ann Rutledge School To Begin Year Next Tuesday

School will open for Ann Rutledge pupils of Lincoln Estates at 9:00 a.m., Tuesday, Sept. 3. Classes on opening day will last only until 10:00 a.m. All pupils will be provided with bulletins informing of fees due for book rentals, insurance, and milk services.

This school year, Mrs. Mary Meyers will teach the combined fifth and sixth grade classroom. She replaces, Mrs. Isabel Davidson who retired.

Mrs. Meyers comes to Ann Rutledge after spending the past five years in the elementary grades at Gary. Prior to her Indiana service, Mrs. Meyers had several years teaching experience in the Carbondale area. Her academic training and degree is from the University of Southern Illinois. Mrs. Meyers family and permanent home is located in Murphysboro, where her family has resided from pioneer days.

NI-Gas Names Two Men To Major Jobs In Publicity

Marvin Chandler, president of Northern Illinois Gas Co. (Aurora), announced two major staff appointments, to be effective Sept. 1.

C. D. (Del) Pendergrast will become assistant to the director of public relations. He has been director of publicity for NI-Gas since its organization in 1954.

A 26-year utility veteran, Pendergrast is a graduate of Northwestern university and a Park Ridge resident.

The new director of publicity will be Michael F. Twomey, formerly head of his own public relations firm in Park Ridge. Before starting his own business in 1961, Twomey was vice-president of the public relations division of Fuller & Smith & Ross, Inc.

Twomey is a graduate of Hamilton college and a member of The Newcomen Society in North America. He lives in Oak Park.

Gets New Member

Webster Bay, a recent advanced graduate of the University of Illinois college of agriculture, will join the cooperative extension staff in Will county. This announcement was made by Harvey Lewis, Joliet, chairman of Will county agricultural extension council.

Mr. Bay is a graduate of the University of Missouri and has a masters degree from the University of Illinois. Mr. Bay has had experience in with a feed company, a swine registry, and a breeding organization.

Mr. Bay will come to Will county on Sept. 3, and will work with Farm Adviser A. A. Wicklein in conducting the cooperative extension activity of the University of Illinois.

Judge Imposes Traffic Fines

Police Magistrate James Sur-ovick disposed of several traffic cases. Two charged with speeding, John Popliak, Mokena, and Howard Heatherwick, Orland Park, were each fined \$10 and paid \$5 costs. Gus Long, Mokena, paid \$10 and costs for traveling too fast for conditions and Peter Ridderhoff, also of Mokena, \$15 and cost.

Charged with eluding police following arrest on a traffic charge, John Lavezzi, Mokena, was fined \$30 and costs. Richard Boothe, Mokena, paid a fine of \$5 and cost of the same amount for failure to yield right-of-way.

Dale Glenn, Frankfort township, was fined \$20 and costs, on a charge of disorderly conduct following a traffic accident and \$20 and costs for leaving the scene of an accident. He also was assessed \$50 for damage to a parked car.

FALL

FESTIVAL

**FRIDAY, SATURDAY,
SUNDAY, MONDAY**

AUG. 30-31 SEPT. 1-2

KILLING THE DRAGON - The St. George Teen club won first place trophy in the non-commercial float division with this depiction of a knight slaying the "dragon of Delinquency".

Festival Activities Begin Tomorrow

Friday, Aug. 30, Tinley Park's long awaited Fall Festival gets under way at 7 p.m. when the annual ping pong drop begins the carnival fun.

A helicopter will drop the 800 ping pong balls over the festival grounds and children may redeem them for free rides on Friday night only.

The first preliminary judging of the beauty contest entrants will be at 8 p.m. Friday.

The beauty contest semifinals are scheduled for 8 p.m. Saturday. "Big Moose" Cholak and Jose Betancourt, are the wrestlers set for this year's wrestling match. This is always a popular event.

Sunday evening the bathing beauty queen will be crowned. Judging will be done by four officers from the Lemont Nike site, and a Mokena resident.

A comedy act "The Acro-Nuts" featuring John and Jorie Armstrong, billed as the world's craziest knockabout act, will provide amusing entertainment for the evening and beautiful Consuelo is sure to thrill the audience with her feats of daring on the trapeze bar.

Clowns are set to delight the children at the Sunday matinee. Candy and toys will be given away between the hours of 2 to 6 p.m. Free soft drinks will be given with the purchase of a sandwich between 5:30 and 6:30 p.m. both Sunday and Monday.

The gigantic Fall Festival parade will begin promptly at 2 p.m., Monday. The parade of floats and marching units will head the crowd to the festival grounds via Oak Park ave., turning east on Ravinia dr. to Riverside, then south to the grounds.

The grand-finale of the entire weekend is the spectacular fireworks display Monday evening.

Ted Bell Is Chairman Of Fall Festival

Ted Bell, chairman of this year's fall festival, has been an active member of the Recreation Commission for several years and a hard-working member of the team supervising the successful operation of the 4-day event.

Under Ted are the following chairmen of the various activities: Joseph McCarthy, master of ceremonies; Henry Bettenhausen, demonstration tent; Carol Machala, beauty contest; Jack Dunn, entertainment; Bill Zimmerman, food booth; Ed Duffy, booth concessions; Everett Earley, Robert Jirka, parade; Hal Coley, advertising; D. A. Pettit, Henry Bettenhausen, merchandise; and Al Bulow, prizes.

English Supplies Ford Convertibles

All of the Ford convertibles to be seen in the parade on Labor Day are supplied by English and Sons Ford Sales. This is a generous gesture which Jim English has provided thru-out the years of the festival's operation.

Will Pick Beauty Queen At Festival

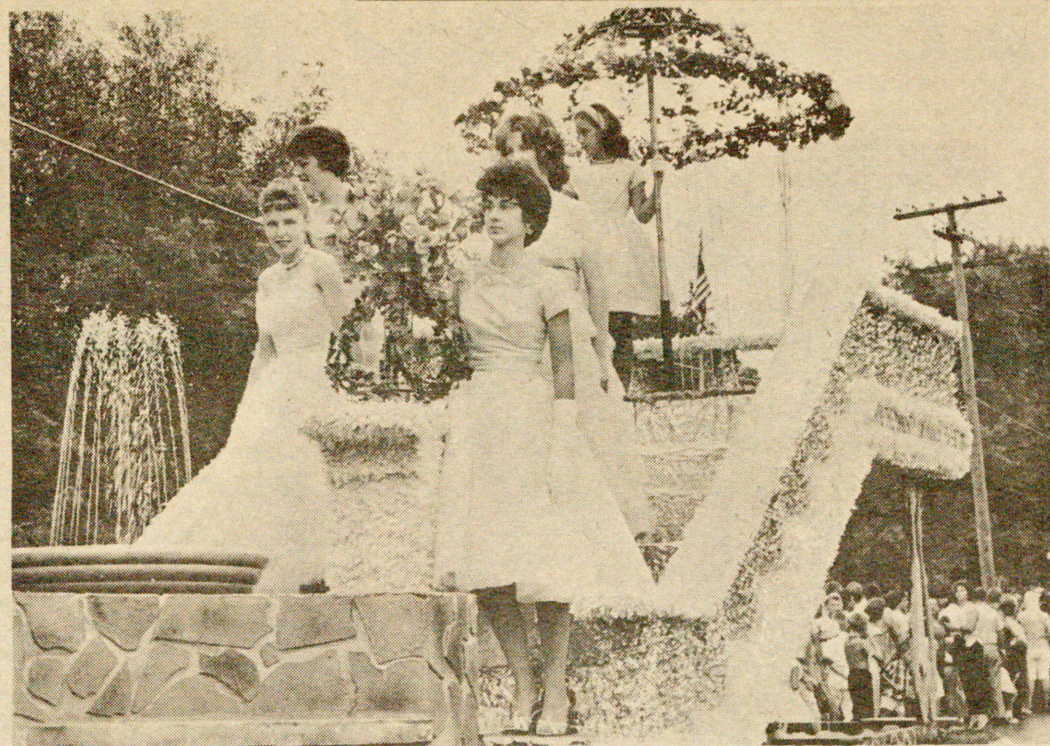

The bathing beauty contest is one of the biggest attractions at the festival.

The judging is done by officers at the Nike site and enlisted men act as escorts for the girls in the contest. The one chosen as first prize winner is crowned queen and the two runners-up serve in her court.

The trio ride in a convertible in Monday's parade.

The queen receives a wardrobe and other fine prizes donated by local merchants.

This year men from the Lemont Nike Site are acting as judges and escorts. The judges are Lt. Jerry Miglorini, Lt. Brenner, Lt. Marifield, Master Sgt. Douglas all of C Battery, 6th Missile Battalion, 3rd Artillery; and Mrs. Harold Seal of Mokena. They will also be the judges for Monday's big parade.

PRIZE WINNER - This was a first place winner in the 1962 parade. The outstanding float was entered by the Bremen State Bank. The pretty girls are the former Miss Sharon McNamara and Janette Sangmeister (left to right in front). Behind them left to right are Kathy Flett and Kathleen McNamara.

Prizes Will Be Awarded

Many wonderful prizes will be awarded at the annual fall festival being held over the Labor Day weekend. The variety will please the men, women and children.

The winner of the first prize will receive a stereo phonograph with A.M.-F.M. radio. The

other prizes being awarded are: floor polisher and scrubber, power lawnmower, boy's or girl's bicycle, electric can opener, hand-mixer, hair dryer, electric drill, garden cart, tricycle, wagon, croquet set, and badminton set.

A CUTIE - Miss Sandra Harwood of Frankfort holds the cup awarded to her as 1962 beauty queen of the fall festival.

Dunking Stool Will Add To Festival Fun

The Lions Club will again take charge of the "dunking stool" at the Fall Festival Labor Day weekend. Lions will man the booth, while the club hopes to have village officials sitting on the dunking seat, according to Lions president Lyle E. Nelson.

Two volunteers for the "dunking stool" are aqua center life guards Pete Lohmann and Charley Smith, who will be "on duty" Monday evening, Sept. 2.

Community Operated Concessions

The community - sponsored fall festival is manned by local organizations represented on the Recreation Commission.

When the festival opens Friday representatives of the following organizations will be on hand at the various booths and stands: American Legion-liquid refreshments; Lions club - African Dip; Boy Scout Troops 353 and 365-games of chance and skill; Scout 373 - baseball game; Sullivan League - games of chance; Midget football, Under 21 Club - parking; library group, Women's club, Tinley Heights Homeowners Association; and the Veterans of Foreign Wars - Food booth, headed by Mr. and Mrs. James Marshall.

Attends Workshop

Walter Carpenter, newly appointed business manager at Bremen Community High school district 228, recently returned from a five day work shop held at Illinois State Normal university.

The campus at Normal was opened to 60 men and women and discussions were conducted under the auspices of the Association of School business officials.

Variety Of Carnival Rides Planned

A variety of carnival rides for the enjoyment of young and old will be whirling and tilting in Tinley Park over the Labor Day weekend.

Among them are the popular ferris wheel; tilt-a-whirl, merry-go-round, row-a-whirl, the paratrooper, kiddy whip, kiddy jet, and kiddie frolic.

AND THEN CAME THE BOYS - The 1962 Minor League baseball champions were proud marchers in the 1962 parade.

CROWNING THE QUEEN - Miss Judy Bettenhausen was crowned the 1961 beauty queen by the 1960 queen of the festival, the former Miss Charlotte Swanson.

EAGER MARCHERS - Members of the Tinley Park Fife and Drum Corp have been faithfully drilling for the past few weeks in preparation for their appearance in the Fall Festival Parade.

Fife-Drum Corp

The Tinley Park Fife and Drum Corps, composed of some 30 grammar and high school students, has been enlivening the Parkside area the last few weeks drilling for the Labor Day parade. Formed two-and-a-half years ago, the group marched in the 1961 Labor Day parade, and was the only Tinley Park marching band in that parade.

This year the Fife and Drum Corps will march with Tinley's American Legion post, members of which have assisted in

drilling the corps.

Members of the corps include: Diane Archer, Tim Avis, Greg Avis, Ronnie Bartlett, Janice Bensema, Jocelyn Blitvich, Ceil Bolton, Debbie Braddock, Sue Brackett, Eloise DeInert, Paul Erclus.

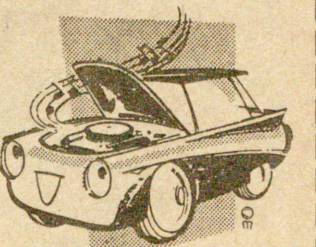

Also Cathlin Fleming, Joan Fleming, Mike Fleming, Pat Fleming, Peg Fleming, Gail Garrett, Bobby Gewerth, Jill Gifford, Mark Gifford, Allan Johnson, Carol Kosary, Eddie McVay, and Christine Nagel, Nettie Napravnik, Tim Napravnik, Linda Nicholson, Larry Robinson, Ray Robinson, Ricky Robinson, Chris Scanlan, Russell Scanlan, Denise Sullivan, Patrick Sullivan, Susan Sullivan are also members.

Band members have been meeting weekly to practice during the school year, and almost every day during the past several weeks, in preparation for the parade. Some members will be marching with other organizations during this celebration, but the number marching with the corps will be large enough to add considerable lift to its section of the parade.

Recreation Commision Pauses To Reminisce

BY BOB RAINES

In its nineteenth year of continuous operation, The Tinley Recreation Commission pauses to reflect and to look back on its past, examine the present, and look into its future.

The organization was formed to provide recreational, civic, and social activities for a small town in need of such functions. Recognizing the need for playgrounds, recreation and constructive activity, an interested group polled ideas and an organized group was the answer.

In its early days, many will know Tinley Parkers were among those doing the spade work, and providing the labor necessary. Among the groups represented were: Veterans of Foreign Wars, American Legion Auxiliary, Women's Benefit Association, Youth Group, P.T.A., Catholic Men's Club, Methodist Men's Club, Home Bureau, Civic Club, Village Board, Business Men's Association, Women's Club, Social Club, and Tinley Park Schools.

Among the interested folks who served during its early years were, Walter Fierke, then and now superintendent of schools, who served as temporary chairman during its organization and afterwards as its first president, Raymond Jacobs, 1st vice president; Henry Bettenhausen, 2nd vice president; Mrs. Walter Eichelberg, secretary; and William Kopp, treasurer.

Early organizational delegates were: Walter Mager, Mrs. Raymond Jacobs, Mrs. R. L. Bacon, Douglas Aden, Mrs. Henry Bettenhausen, Raymond Jacobs, Mrs. Eichelberg, George Denner, and Walter Fierke.

ACQUIRE LAND

In May of 1944, a tract of land was available owned by Edward Schmitt and negotiations were started. The price was \$4,500 and the down payment \$500. Ten months of effort provided the down payment. It was in 1945, Tinley's centennial year, a carnival was held. William Kopp served as its chairman. A profit of \$2,800 was realized from this venture and when added to the original \$500, the group was on its way. This was the start of Memorial Park. A fund raising drive was conducted and the income of this cleared the debt of the purchase. A later purchase of land brought the park to its present size.

Through the years, funds of the Recreation Commission, has provided tennis courts, baseball diamonds, playground equipment, and other needed material for Memorial Park. Soon came the Boy Scout Troops, Cub Scout Packs, Explorer Post Little League, Babe Ruth League, American Legion League, Midget Football, all in need of operating capital. This was what the Recreation Commission was for.

In 1948, the Fall Festival as we know it today was started. Under Mrs. Brown Campbell, then the president, the group was getting into full operation. More organizations were sending in representatives, committees were formed and the show went on. In these days we are told, home town talent formed a large part of the program.

AID LIBRARY

Since then the program has grown and the group expanded, until today a good sized operation is in swing. More groups are represented and more people are served. In recent years the Tinley Park Library was started, and here was a worthy civic cause that needed help. A group of volunteers started it and through diligence and with much sweat, momentum was gained and we now can see results that are gratifying.

The Commission is happy that it was able to assist the volunteers on their way. Funds were needed to meet the mortgage payments, buy books and office equipment, and purchase shelving. This was a gratifying part of our operation as the end result reached so many of our population. Now that the library derives most of its funds from the tax rolls, our part has diminished but we still are standing by.

HONOR OLDTIMERS

Last year it was a pleasant interlude to present plaques to three of our old timers in appreciation of long and meritorious service. Ruth Moore, Henry Bettenhausen and Joe McCarthy will be remembered for their devoted contributions.

Boy Scouting has increased in recent years in Tinley. Troops are offering wholesome outdoor activity to many more boys than in the past, and more equipment is needed to do the job. Each troop in this area now affiliated with the Commission can draw up to \$200 per year for troop equipment and this goes a long way toward the maintaining of efficient operation. Now in negotiation, a contribution to the Fire Department for help in the purchase of equipment that will benefit all of Tinley Park.

In recent years Lewis Memorial Park was brought to state of readiness, and when the grading was done equipment was needed. Working in conjunction with Selby Hirsch, a Recreation Commission worker from way back and then serving as Park Commissioner, we were able to do our bit and the first playground material was installed. Little League was now getting more self sustaining, but there is still need for supplementing funds and the Commission has stood ready for many years. It has been the privilege of the Recreation Commission to send a crippled child or two to summer camp from time to time and this is indeed a pleasure. One consideration that is felt worthy of mention is the fact that all funds derived from the Festivals remains in Tinley for the good work needed here. It is a hometown centered operation, so the end result should be felt in the Hometown.

Two parties a year are held annually for the children of this area, Halloween, and another during the Christmas holidays. Also recently started, is the annual Club Fair held on the carnival grounds on July 4. This activity is accomplished by the Recreation Commission. It is a co-sponsored affair. During the Christmas party, it is the custom to give the

kiddies small presents and some goodies, and a goodly supply of these are on hand. It has also become a standing procedure to send goodies and presents to the incapacitated children of the Joseph Kennedy School and the results of this are heart warming to say the least.

In the way of summarizing, the Commission has come to the firm belief that Tinley Park is a good place to live. It is worthwhile to strive to make it even better. In passing, it might do well to mention the names of the past and present leaders of the Commission. Starting with the first president we have, Walter Fierke, Walter Goebel, Mrs. Campbell, Henry Boldt, Selby Hirsch, Raymond Jacobs, Henry Nolte, William Whetter Jr., Richard Nebel, George Klaus, Mike Haber, Bob Oliver, who moved and whose term of office was fulfilled by Phil Virtue; Bill Zimmerman, Bob Raines and the present executive officer, Carol Machala.

Suspends License

The office of the Secretary of State Charles F. Carpentier has suspended the driver's license of James R. Casey, 6738 Tinley Park dr., Tinley Park, for three violations within one year.

PAST PRESIDENTS - Shown here are the past presidents who served up to 1956. Seated are (left to right) Walter Fierke, Dorothy Campbell, Henry Nolte. Standing - William Zimmerman and Walter Goebel.

STILL ACTIVE - Altho not members of the original commission, these men are very early members who are still actively serving. Seated (left to right) are: Joe McCarthy, Edmund Moss and Henry Nolte. Standing are: William Zimmerman, Walter Goebel and Everett Earley.

Civic-Minded Group Plans Fall Festival Thruout Year

BY ANNE RODGER
A group of civic-minded villagers increase their monthly meetings to weekly sessions starting in the month of June and up until the annual fall festival is in progress.

They are members of the Tinley Park Recreation Commission, which is composed of representatives from local organizations. A more complete cross-section of village residents would be hard to find. While the annual fall festival is discussed and planned thruout the year, the few months preceding the event, is the time

when the final plans are completed.

Anyone who has ever wondered how a project such as the fall festival runs so smoothly over a four-day period will find the answer by attending a meeting of this hard-working group of citizens.

The group is divided into committees; each handling the various phases of operating a successful project. The group discusses all of the details at their weekly sessions and each committee reports the progress at the next meeting.

Decisions have to be made on

the amount of refreshments which will have to be purchased for sale on the grounds. The lighting committee handles the installing of the electric lights on the grounds. The entertainment committee takes care of hiring the professional entertainers who appear nightly. The carnival committee handles the rides. Another committee arranges for the displays in the demonstration tent, one handles the parade details, and another the beauty contest.

The Commission is aided in their enterprise by the local police and fire departments. Parking of thousands of cars is ably handled without confusion with the aid of the police and the volunteer firemen are prepared for any emergency on the grounds.

How the town benefits from this annual affair is told by Bob Raines, a former president of the Recreation Commission, in the special section on the festival in this week's issue of the TINLEY PARK TIMES, which is sponsored by local merchants thru their ads.

When you visit the fall festival just for fun, remember that hundreds of hours were spent by these volunteers in planning the event for your pleasure and to provide financial assistance to worthwhile projects. The dollars you spend are returned to the community.

ORIGINAL GROUP - Pictured here are members of the original group that founded the Recreation Commission. Back row: (left to right) George Denner, Creta Keuch, Ruth Bacon, Ruth Bettenhausen, Henry Bettenhausen, Mrs. Walter Mager, Walter Mager, William Kopp and Raymond Jacobs. Kimberly Heights Holds Annual Fun Filled Picnic

The Kimberly Heights annual fun filled picnic was held Aug. 24 in Yankee Woods forest preserve. There were free prizes,

ice cream, hot dogs and pop for all children under 16 years of age.

The picnic was organized under the co-chairmanship of Mrs. Jerry Ray and Mrs. Ray Koleczek. Jerry Hill planned and officiated all games.

Greeters and those in charge of awards were: Mrs. Robert Coats, Mrs. Wayne Trotter, Mrs. Norman Patterson and Mr. and Mrs. James Dunne.

Winner of the children's balloon game was Richard Klecka. Prizes were awarded to Ryan Coates in 1 year old boy division; Billy Scott and Bret Coates, boy, 2-3; Lisa Horn and Kimberly Kanzler, girl, 2-3; Jeffrey Koleczek and Robert Main, boy, 4-5; Barbara Scott and Kathy Dunne, girl, 4-5;

Marty Heil and Steve Brown, boy, 6-7; Kimberly Schwertfeger and Susan Scott, girl, 6-7.

Also: Danny Valkas and John Kileczek, boy, 8-9; Jo Schwertfeger and Nancy Schumacker, girl, 8-9; Gerrit Prince and George Prince, boy, 10-11; Cheryl Vogler and Jan Mersmann, girl, 10-11; Neil Mersmann and Bob Orsinger, boy,

12-up; Terry Orsinger and Rosanne Kileczek, girl, 12-up.

The following adults were awarded prizes: Men's first prize - Ray Kileczek; women's first prize - Pat Witt; couple's prizes - Ray Kileczek and Jo Valkas.

Prizes were also awarded to June Schwertfeger, first place; and Jerry Heil, second place.

Issues 14 Home Permits

Building Commissioner M.A. Hall Sr. announced that during the month of July permits were issued for 14 new homes in Oak Forest with a valuation of \$474,600.

Other permits issued in July

were as follows: one aluminum siding and window, \$2,000; three garages, \$3,170; two fences, \$1,730; one school, \$220,000; one church, \$73,000; and one well.

The total valuation of the 23 permits issued was \$474,600.

LETTERS TO THE EDITOR

FEARS LOSS OF AMERICAN WAY OF LIFE

There are those who have stated that my views are controversial, that I was guilty of attempting to propagandize. Nothing could be further from by true intention. My only desire is to call to the attention of my limited audience, facts which are certainly of great importance to all of us and our children. Every statement which I have made, I am sorry to say, is based upon facts which were gleaned from many reliable sources and facts which are a matter of history.

It would give me a great pleasure to be able to praise the present Administration for its actions. However, since

the Coronation of "The Kennedy Dynasty" nothing has been done which shows that it is for the preservation of "Our American Way of Life". The Foreign Aid program, The United States Information Agency (USIA), Radio Free Europe, Voice of America and the State Department have collectively done more to aid Communism than to fight it.

There are many good Democrats and good Republicans who share an attitude which is Conservative and are "For America First". Split balloting is a practice which can be used by well informed voters (of which there are too few). Actually, a ballot in the hands of many voters is as dangerous as giving a loaded gun to a small child. Sometimes they shoot themselves.

The dangers, which we face as FREE MEN and a SOVEREIGN NATION, are not the Communists outside our GREAT COUNTRY. Our fate is being decided by the Half-Baked, impractical, Star-Gazing, One-World Internationalists who embrace the Fabian-Socialist ideology. With these Fabians in charge of our government and our defenses, we are being dragged nearer and nearer to the "quick-sand" of Communism from which escape is practically impossible.

Should those, who disagree with my views, spend ten per cent as much time as do I, studying the actions of our politicians, they might not take such an opposite stand. In the meantime, it would be a great pleasure to hear from anyone or any organization who thinks that I am biased, unfair, a propagandist or a "Sour Republican". I am an American who wishes to remain so, further I am willing to "Stand Up and Be Counted", to fight and die for MY COUNTRY.

Patriotically yours,
HENRY W. HICKS,
